PLUS

On/off switch protecting unintentional use. Protection against overloads, battery discharge abuse (DC only) and undesired run. Convenient one switch maintenance over the brush. Eco Energy setting for extensive working time and extremely quiet operations (DC only).

Extensive squeegee spin for easy blade replacement and perfect suction even on corners. Easy setting and automatic solution release to save chemical and fit different floor conditions. High stability and capability to overtake small steps.

Easy access and handling to clean recovery tank and floaters. Less downtimes due to simple maintenance and construction. Great visibility and cleaning capability on hard to reach edges on both sides of the brush.

They provide more power, longer life and much faster charging times. They are not affected by the memory effect and are lighter in weight with lower maintenance costs.
